

Motor Yacht Titan

Luxury Mediterranean motor yacht Titan is one of only a select few yachts which are licensed/registered and available to charter with up to 22 charter guests accommodated in luxury. Titan's history actually began in 1968 as a Royal Navy research vessel. She was originally created by Brooke Marine and has recently undergone an extensive rebuild in 2004 and refit in 2008 to transform her into the superb luxury private charter yacht that she is today.

The luxury yacht's interior is finished in a contemporary English style with beech wood and bird's eye maple. Her generous internal dimensions create an open, airy and light atmosphere. Titan's main saloon is a large space for entertaining and linking up with the saloon and includes a cinema screen ideal for the entertainment of small groups. Her upper deck provides a library, gymnasium and bar with a fantastic sky lounge which opens out, via automatic doors, to a lovely shady terrace. Her main deck can seat 18 guests comfortably for external dining.

All spaces have been studied to supply the highest comfort and privacy while bringing a distinguished Italian style. Luxury motor yacht Titan is available for charter throughout the Mediterranean.

TITAN was born as a survey ship from the English Marine to become in 2003 a luxury yacht. During the complete refitting and refurbishing, a particular care was given to the choice of materials. The use of pear-tree essence for the wooden structures (from saloons to cabins) has given the ship an elegant and comfortable touch. TITAN is not just a simple yacht but a motor vessel able to welcome 22 guests on board with 21 select crew members always at the ready.

The wi-fi internet connection system is able to reach every corner of the vessel while the big projector screen transforms the main saloon into a home cinema. The open decks have been

designed to guarantee a pleasant stay thanks to a spacious Jacuzzi, a well equipped gym and a comfortable and elegant sun deck with a bar and barbecue.
