

# Lagoon 440 - 44ft catamaran

The brand new Lagoon 440 is another Jeanneau success story. With the 440 the focus is on seating ergonomics, space, spread of storage compartments, ease of maneuverability and interior comfort. In the design of the 440, they have succeeded beyond doubt. The helm station is surrounded by all the sail control lines, reefing included, so that one person can easily handle all the maneuvers.

## Yacht Charter Accommodation

The Lagoon 440 has four double cabins and four heads with hot and cold shower. The cabins are spread evenly forward and aft in each hull. The spacious and beautifully furnished salon can also fold down to accommodate two more. To enjoy the luxury and privacy of the Lagoon 440, we ideally recommend 8 people.

## Yacht Charter Specifications
